COVID-19 Special Revenues, Implementing PDPM for Medicaid, and Cost Reimbursement 101 On-Demand Webinar Bundle Course Information

Title: COVID-19 Additional Costs and Special Revenues & PDPM Evaluating/Implementing PDPM-based case mix system for Medicaid

Presented By:

Dave Halferty

Dave Halferty is a Senior Manager with Myers and Stauffer LC. He has over 20 years of experience working with Kansas nursing facility reimbursement and has also worked with more than a dozen others states on long term care reimbursement projects.

Course Description:

This presentation will provide updates on issues affecting reporting and reimbursement for 2020. Specific information will be provided on reporting for COVID-19 pandemic-related expenses and revenues, as well as the status of implementing MDS data changes related to PDPM, and the process of evaluating options for implementing PDPM acuity adjustment for Medicaid.

Title: Kansas Medicaid NF Reimbursement 101: Rate Setting Basics

Presented By:

Chris Lewis and Trescia Powers

<u>Chris Lewis</u> is a Manager with Myers and Stauffer LC. She has worked with the Kansas nursing facility rate setting for over 11 years. Prior to joining Myers & Stauffer, she worked for the previous Kansas Medicare Intermediary (Blue Cross Blue Shield of Kansas) for 18 years in Medicare Audit and Reimbursement.

<u>**Trescia Power**</u> is the Program Finance Oversight Manager. With over 26 years of expertise in customer service and finance, she joined the Kansas Department for Aging and Disability Services (KDADS) in 2017. Trescia manages the Reimbursement team, which provides functions including rate setting, Medicaid state plan amendments, the quality care assessment program, quality incentive programs, PEAK, provider enrollment, and the ventilator program.

Course Description:

This presentation will walk through the calculation of the Medicaid rate using the case mix rate schedule. Attention will be given to each cost center (Operating, Indirect Health Care, Direct

Health Care), the Real and Personal Property Fee, and rate add-ons (Incentive Factor, PEAK 2.0 Incentive, and Provider Tax).
